

ALCESTER RFC MATCH REPORTS

Saturday 29th March

Alcester 1st XV

Alcester suffered the frustration of a late cry off by their Midlands Five West (South) opponents, Tenbury Wells, who called to cancel the fixture at 11.30am. Although the Kings Coughton side will claim the league points for a win by default, their for and against difference is not helped at all as they effectively claim a 0-0 win. Whilst the decision not to travel by the league's basement boys is not a surprise as this is the fourth time this season they have taken such a step, it is of particular frustration for Alcester as their officials took the trouble in midweek to contact Tenbury and check their availability for Saturday's game.

The red and blacks now have one week to prepare for the make or break game at Pinley in a fortnight's time where only a win will give them any opportunity to avoid relegation, whilst hoping that Harbury fail at home to Keresley. In preparation, Alcester visit Coventrians next Saturday for a 3pm kick off.
