

## **Alcester 2<sup>nd</sup> XV 5 Birmingham Medics 2<sup>nd</sup> XV 35**

Alcester's second string was well beaten by their student counterparts, despite a promising opening 15 minutes where they competed well until the visitors scored. Even when they did trail at half time, they had a Darren Gwilyam try to show for their efforts as the first half ended 15-5.

In the second half the students piled on a further 20 points without reply, and the home side's plight was not helped by the sin binning of club chairman Steve Lunn for offering unwanted advice to the actual match official once too often, in his self appointed position of assistant referee!
