Atherstone 19 Alcester 43

Alcester Seconds had their first League game for years. They played a dogged and aggressive Atherstone Side, who fielded a large and well experienced pack. Alcester with a mixture of youth and experience opened the scoring after only 10 minutes with a well worked try that was capped off by a further brace by veteran skipper Pete Goddard. By half time the Alcester side were well on top, but after the break discipline let them down and When N. O'Dell was sin binned after having been warned already by the ref, 19 points were conceded but still the home try's continued to come. Fortunately the hard work done in the first half saw them over all winners with a 43-19 victory
