

Alcester 2nd XV 8 Birmingham Wyvern 7

Alcester's 2nd XV gained a narrow victory in front of President Steve Faulkner's assembled guests, following his annual lunch at the club house.

The home side started down the slope and dominated the opening period. Rich Smith put them ahead with a penalty kick which went over off the upright, and Jamie Bowen added a try in the corner after a well worked back line move.

Alcester lost Neil O'Dell to the sin bin just before half time, and his ten minute period behind the posts continued in to the second half.

The visitors were much more in the game in the second period, although they had to wait until five minutes from the end for their score, when their full back crossed the line after a good run. The Wyvern kicker added the extras, but the home side hung on to claim the win.
