

Alcester 2nd XV 0 Birmingham Medics 2nd XV 31

Alcester's second string went the same way as their 1st XV counterparts with a comprehensive defeat by their student opponents. Starting with only 12 players and with several making their first start for a while, they were lent three by their visitors, but still were powerless to stop the onslaught.

Alcester's Rupert Daffern came closest to scoring, his mazy run being halted just a metre short of the line. The visitors ran in five tries in total and converted three.
