

Gents this season we will start where we left off at the end of last season, going forward with coach Steve Lea, 1ST team captain Scott Carmichael, 2ND team captain Neil Odell and possibly a 3RD/Vets team. The fearsome force of Alcester rfc will be one to be reckoned with in Midlands 5 West (South), again to the teams that we played last year and the new comers to our league. This will be enhanced by our young up and coming players, I welcome you and may you continue in being the players you have already become.

Also I welcome back many of our past players, in which will be a 3RD/Vets team, not to be under estimated!

We will be hoping to welcome back our Ladies team they will be playing friendly fixtures in the coming season.

I personally look forward to seeing you all, life members, VP's, Full Members, Social Members and our supporters.

Let's make this season another one to remember and get not only Alcester Town talking about ARFC but all of Warwickshire.

Nick O'Connor
Director of Rugby.
